MICHAEL R. STYLER
Executive Director

Division of Water Rights

KENT L. JONES
State Engineer/Division Director

February 2, 2016

K. Greg Hansen
Hansen and Associates, Inc.
538 N. Main
Brigham City, UT 84302

Dear Greg:

On the occasion of your retirement, I would like to take this opportunity on behalf of the State Engineer, the Division of Water Rights, the Distribution Section staff, the Logan Regional Office staff, the water users, and others, to thank you for your 30 years (1986-2015) of service as Water Commissioner on the Little Bear River System. Prior to being water commissioner you assisted your father for 20 years (1966-1985), giving a total of 50 years of service on this system. Your 50-year wealth of knowledge and experience is reflected in the quality of your work. You will be greatly missed.

Being a Water Commissioner is a demanding and sometimes thankless responsibility, yet you have always carried the responsibility with dignity and diplomacy. Your involvement with water regulation on the Little Bear River has ensured a consistently orderly and equitable distribution of water.

The position of Water Commissioner is often challenging by the very nature of the water supply, which has presented many challenges over the years from periods of drought to periods of flooding. Your experience with the river, the area, and the people has allowed you to provide invaluable assistance in meeting these challenges.

Again, our many thanks for the service you have rendered to the Little Bear River water users and to the State of Utah.

Sincerely,

Kent L. Jones, P.E.
State Engineer
